Mr. George G. Carey, Assistant Director
Central Intelligence Authority
2430 Eye Street, N.W.
Washington, D.C.

My dear Mr. Carey;

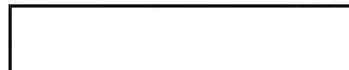

I have just completed a telephone call from my friend, Assistant Postmaster General Osborne Pearson. He has explained the situation to me, and the words of General Bedell Smith.

I now understand with what we are to be faced. So, if you will send the necessary finance group to go over this situation with me, possibly we can come to a conclusion that will keep us from having any Court action.

I remain,

Sincerely yours,

/s/
